Dear Ms Dornan,

I refer to John Marshall's March 28 letter, advising of our commencement donations in support of your organisation.

Thank you for sending Mr and Mrs Worthington to be with us at this dinner, it was a pleasure to have the opportunity of meeting them on the night and I have asked my staff to ensure when they are available, that you receive copies of the photograph, which I had taken with Ms Worthington. You are very welcome to use these, as you may wish.

As your people would have seen from the cross section of our Knights, Dames - Members - et al in attendance on Friday, these are ordinary fun loving people who like to enjoy life, however they also share something else in common.

Mindful of their financial blessings, each one has an extraordinary commitment, to give of their surplus and help those less fortunate than themselves. Without their commitment, there would be no Lichtenberg Foundation, for me to be patron of.

The financial support of our members, ensures we reach target needs, in those hospital and ambulance areas, that members of our Orders of Chivalry have supported, since my ancestor Charlemagne first introduced the age of Chivalry 1,200 years ago. He was a firm King but also a benevolent one, taking Europe from a pagan society to a new era of civilisation, refurbishing around 800 AD, the Hospital of Abbot Probus, which still serves today, as the Hospital of St John in Jerusalem.

As my Grand Chancellor Baron Cowley said at dinner, he was profoundly deaf as a child, so he more than most, understands the marvellous work, which the organisation you founded does for our children. He apprised me also of the involvement with Hear & Say Foundation of Professor and Mrs Black and informs me, that Professor Black looks after his ears today.

As we await your direction where to send our donation, we are delighted to offer our support, however, given our local priory is just beginning, our early contributions can only be small. Nonetheless, as one of our Dames once said (the late) Blessed Mother Teresa of Calcutta :

" There are no great things, only small things with great love ".

So as we begin to grow our presence in Australia, we look forward to contributing small things with great love, to your very worthwhile causes, confident of increasing these gifts over time.

Sincerely Yours in Chivalry - I remain
